**Q2 2023**   Q3 2023   Q4 2023   Future

Huddle Rebrand

Huddle will now have a new, modern and confident new look aligning with our Ideagen brand. This small update is a reflection of the big changes we're making across the company to better serve our customers.

Ideagen Home

Ideagen Home is our new product that streamlines your workflow and productivity. Launch Huddle and get access to our new Community portal; news and information; training and events opportunities all from one place.
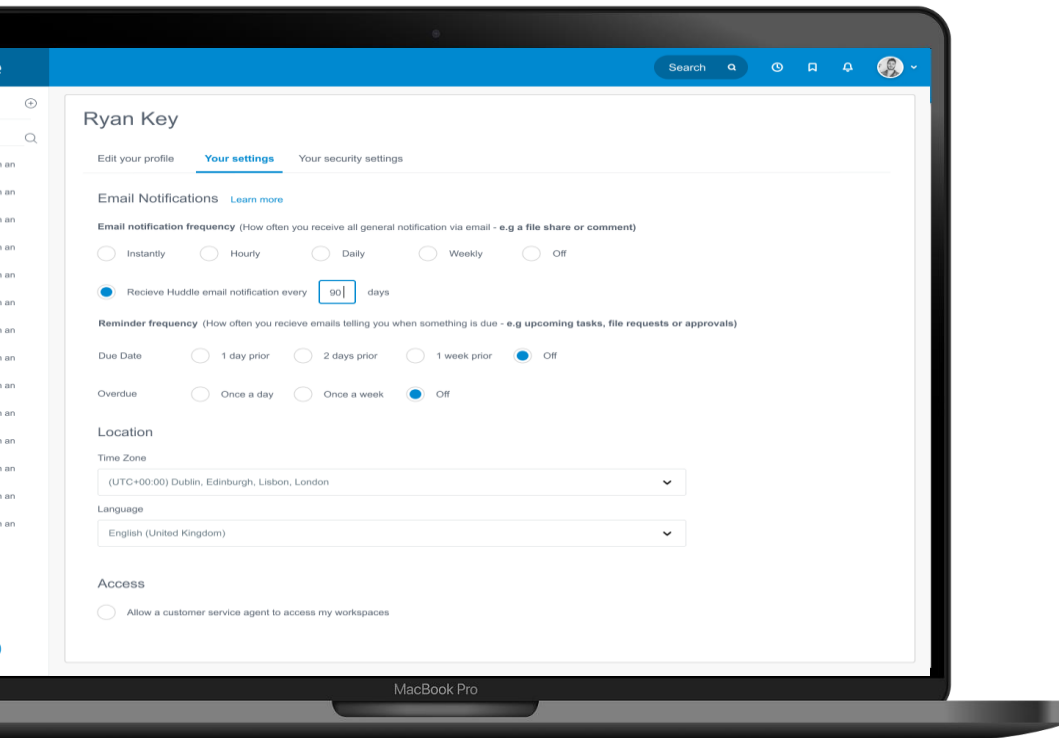

Product roadmap

Q2 2023 | Q3 2023 | Q4 2023 | Future

Extended Notifications

Extend the email notification options to offer more versatility.

- Setup email notification frequency across four different schedules.

- If the fixed set do not work, set your own schedule to receive emails when you want.

- Schedule email reminders differently for tasks and file requests that are due and those that are overdue.

PleaseReview Integration

Complete end-to-end document lifecycle enabling users to share, review and finalize document approvals.

- Share content within Huddle, create tasks and share.
- Send documents to PleaseReview for review.
- Annotate, comment, co-author and approve final document version.
- Send final approved copies to store within Huddle's secure workspaces.

E-signature

Bring e-signature functionality to Huddle, enabling our users to create, edit, share, store and sign their files all from the same solution.

- Send one or multiple documents to workspace members to sign.
- Securely sign documents without leaving Huddle.
- Get a complete integrated e-sign solution.

Product roadmap

Q1 2023	Q2 2023	Q3 2023	Future

Password Management
Secure password control

- Increase security with complex password policy.
- Reduce admin support with self-password management.
- Stay secure by eliminating weak passwords.

Multifactor Authentication
Enhanced MFA security

- Extend authentication with integrated MFA tools.
- Save costs by leveraging your existing MFA apps.
- Support for industry recognized MFA apps.

Enhanced sign-in Experience
Streamline sign-in

- New look and feel for a modern sign-in experience.
- Increase user adoption.
- Reduce login support tickets.
